Looking for an entry-level position in the software development industry

Education

Present **BS Computer Science (in progress)**, Oregon State University, Corvallis, OR, Current GPA: 3.82.

- Online post-baccalaureate program
- Expected graduation: Fall/Winter 2016
- Courses completed: programming, discrete math, data structures, assembly, and design

2006–2008 **BA Marketing**, Western Washington University, Bellingham, WA.

Experience

2010–Present **IT Manager**, SERVCO PACIFIC INSURANCE, Seattle.

- *Account Executive (November 2012 - March 2014)*
- *Business Services Developer (September 2011 - November 2012)*
- *Account Manager (September 2010 - November 2011)*

At Servco I was one of the initial five employees when their doors opened in September 2010. From the beginning I have been involved in the decision process for our usage and acquisition of Software and Hardware within our office.

As IT Manager I handle the day to day management of our virtualized IT department, develop solutions and strategies to improve workflow processes and productivity within all departments, and develop strategies and plans for various company requirements such as reporting, hardware upgrades, and service upgrades.

Computer skills

Familiar	Python, PHP, HTML, JavaScript, L ^A T _E X, C#, RouterOS
Intermediate	JAVA, C, C++, Linux (including CLI)
Advanced	Computer Hardware and Support, Microsoft Windows, Excel

Affiliations

2013–Present **Board Member**, NORWEGIAN AMERICAN CHAMBER OF COMMERCE.
